XXL-EDITION

LISMAN FORKLIFTS

LISMAN UPDATE

Dear Valued Customer,

We are proud to present the latest edition of our XXL brochure. Once again, we have put together an extensive selection of high-quality used machines for you. From forklifts and warehouse trucks to container handlers and terminal tractors, this brochure is packed with machines for a wide range of applications.

Next year, Lisman Forklifts will celebrate its 60th anniversary.
Since 1967, we have grown from a Dutch family business into an international specialist in used material handling equipment. Thanks to the support of our customers, partners, and employees, we have been able to give close to 200.000 used machines a second life in more than 100 countries worldwide.

What has remained unchanged throughout the years is our focus on quality, reliability, and personal service. With a team of specialists representing more than 10 nationalities, we speak our customers' language, both literally and figuratively. This enables us to provide the right machines and the right support to businesses around the world.

As we look ahead to our 60th anniversary, we are preparing for a truly special milestone year.
Of course, we will not let this occasion pass by unnoticed. We have several exciting activities and surprises planned, but we will share more details at a later stage. Be sure to keep an eye on our communication channels!

In the meantime, we remain committed to what we have stood for over the past six decades: connecting supply and demand, extending the lifespan of machines, and supporting our customers with a broad and ever-changing range of quality used equipment.

We hope you enjoy browsing this brochure and that you find the machines that perfectly match your needs and ambitions.

Kind regards,

The Lisman Forklifts Team
