XXL-EDITION

# LISMAN UPDATE

## WELCOME TO OUR RENOWNED XXL BROCHURE

As a young boy, I often joined my father on business trips, visiting customers and suppliers all over the world. Besides that I got to meet many nice people from different cultures, back then I already started to develop my love for fine used forklifts. On a social party it can be rather difficult to explain that I am passionate about our products. But you, as a valued business partner and professional in the material handling industry, will most likely understand where this passion comes from.

Now, I am in the privileged position to present you our latest finest selection of used forklift trucks. Why are these truck offers so desirable? First of all, our trucks are sourced from original equipment manufacturers, so they all have a transparent history. Moreover, the specifications and hour meter readings of the truck selection in this mailing are really awesome. And last, the dedicated Lisman Team has carefully prepped and checked every machine in this brochure, so you can rely on Lisman quality to be delivered on your door step.

I sincerely hope that you will enjoy reading this XXL brochure as much as we enjoyed composing it. And hopefully you are also a forklift nerd, which will make the partnership between you and Lisman even stronger.

Thank you for being our customer.

Kind regards,

Koen Lisman

# WE FOCUS ON INNOVATION WITH A PERSONAL TOUCH

Our 360° photo studio facilitates remote evaluations of our machines, while our team ensures direct contact. We invest in both technology and service, combining the latest tools in our 360° studio with the expertise of your trusted Area Manager.

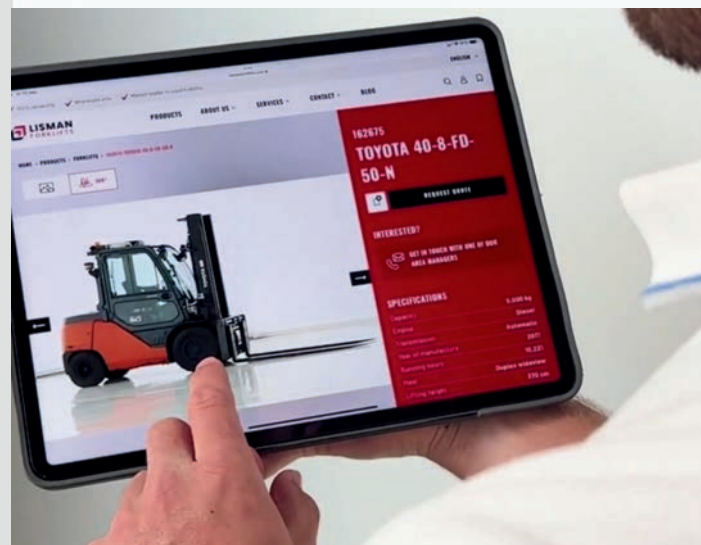

At Lisman Forklifts, we provide a comprehensive view of our machines through three types of photos:

- **Standard Photos:** High-quality images ideal for presenting to the customer in a PDF proposal that can be effortlessly created on our website.
- **360° Machine Photos:** Immersive view that provides the possibility to see every angle of each machine.
- **360° Interior Photos:** Detailed views of the operator's seat and controls, giving you insight into the machine's functionality and comfort.

ENJOY THE INNOVATION AND  
THE TRANSPARENCY OF OUR  
**360° PHOTO STUDIO**
